➤ Journaling is a vehicle of emotional exploration, a way to channel difficult feelings into healthy and creative outcomes. It is a form of free self-expression that can lead to exploration and personal growth. By writing down thoughts/ feelings, we are forced to slow down and pay attention to everything that is going on in life. We have to listen rather than run away from feelings. There will be a 6 week Journalling Course from Friday 24th April, from 2.00pm to approximately 4.30pm **Cost**, including materials: £40 **Location**: Holy Trinity Hall This is a course for anyone who enjoys, writing, poetry, creativity or simple challenges. It a time of sharing ideas and can be quite cathartic for those taking part. Please sign up at the back of church if you think you may be interested or contact me for further details.
